RE: Mid-year Reports to Colleges
DATE: January 24, 2024

Colleges may require your first semester grades. We satisfy this requirement by sending an updated transcript that includes your mid-year averages for full-year courses and final averages for fall semester courses. Your seventh-semester cumulative grade point average and class rank will also be included.

In the space provided below, list the colleges to which you have already applied that require your first semester grades. Check the box next to any schools for which you used the Common Application. If there are any other forms that need to be filled out, other than the Common Application Midyear Report form, be sure to get them to your counselor.

Please submit this form to the Guidance Office by Friday, February 2nd. Mid Year Reports will be available to send out the week of February 5th. If you have any questions, email your school counselor.

STUDENT'S NAME:_____ & SIGNATURE: _____

PARENT'S NAME:_____ & SIGNATURE: _____

Name of college or university:	Check below if you used the Common Application to apply:
