

Keeping Your Children Safe in Today's Digital World: A Parent's Guide

Prosecutors from Orange County's Attorney's Office will discuss the dangers encountered by children in today's digital world. They will give parents the tools they need to better understand technology by using a national, award-winning multi-media presentation along with real-life examples. Non Tech-Savvy parents can learn how to access their children's devices and how to employ tips and tools to set up parental safeguards. A Q&A session will follow this one-hour presentation.

Where & When:

WEST POINT MIDDLE SCHOOL AUDITORIUM

705 Barry Road
West Point, New York 10996

**Wednesday,
March 20, 2019
5:00—6:30 pm**

*Steven M. Neuhaus
County Executive*

An important, FREE seminar for parents of children who have access to phones and social media
