

Life Demands: Post High School

Seek Job and then Keeping the Job
Balance Your Budget, Work & Life

Managing Credit

<https://www.ngpf.org/arcade/>

These online games provide students with the opportunity to engage in decision making around paying for college, budgeting, investing and more. Research demonstrates that these interactive personal finance games and simulations work. With limited money experience, these games allow students to practice and learn to avoid the consequences of money mistakes in the "real world."
